

SMU

SINGAPORE MANAGEMENT
UNIVERSITY

Visiting Student
Programme

Factsheet AY2023-24

OVERVIEW

Established in 2000, Singapore Management University (SMU) is internationally recognised for its highly interactive, collaborative and project-based approach to learning. This unique pedagogy creates the opportunity for students to immerse themselves in an array of multi-disciplinary courses that addresses Asian issues of global relevance.

Home to some 10,000 students, SMU comprises six schools specialising in Accountancy, Business, Computing and Information Systems, Economics, Law and Social Sciences, offering a wide range of bachelor's, master's and PhD degree programmes. SMU has newly added two colleges – College of Integrative Studies and College of Graduate Research Studies to its academic suite in 2022.

SMU's city campus enjoys strategic linkages with business, government and the wider community through its institutes, centres and labs.

D	1.0	50 to 52
F	0.0	49 and below

COURSE ENROLMENT

Course enrolments are conducted via a bidding exercise in July (Term 1) and December (Term 2) each year. Only **undergraduate** courses from a prescribed list will be offered to exchange and visiting students (**Course Codes 001-499, 1200-4038**).

Students will be allocated 100 e-dollars (e\$100) each term (**one-time only**), for bidding of all their required courses. This empowers them to draw up their own timetable based on their recommended study plan

(subject to constraints of curriculum requirements and the supply and demand of classes). Details and instructions related to course bidding together with the list of courses offered, shall be made available to students between two to four weeks before the course bidding exercise. It is important that students understand the information, policies and procedures to ensure a smooth bidding process.

Demand could be high for some courses, e.g. fundamental freshmen courses. Students are encouraged to be pro-active and flexible in their study plans to optimise their bidding opportunities.

In preparation for the course bidding and enrolment, students are responsible for ensuring that they have:

1. Read the course-bidding guide and reviewed the prescribed list of course offerings for the intended study term.
2. Obtained pre-approvals from the home university to enrol for their desired courses at SMU. Students are encouraged to obtain pre-approval for more courses than necessary as contingency, in case their desired courses are fully subscribed.
3. Fulfilled the necessary pre-requisites for the desired courses. Students are required to consult and seek approval from the respective SMU course instructors on the fulfilment of pre-requisites (if any), before bidding for their courses. Students will not be allowed to enrol for, nor to continue with the course if the pre-requisites have not been met.

Course Catalogue:

For planning purposes, students may refer to the [Course Catalogue](#) for undergraduate course offerings from previous terms (**Course Codes 001-499, 1200-4038**). This catalogue serves as reference only as not all courses listed will be offered to exchange and visiting students.

IMPORTANT:

- *Course enrolment strictly adheres to the SMU academic policies and guidelines. It is subject to the vacancies available, fulfilment of course pre-requisites (if applicable) and bidding outcome of the student.*
- *Course enrolment is not guaranteed. It is strongly advised that students should not be completing their final term of studies during their study abroad at SMU. Their graduation may be at risk should they fail to secure their required courses.*

TRANSCRIPT

A digital transcript will be emailed to the student's SMU campus email, within three months after the release of the final examination results, i.e. **mid-March (Term 1) and mid-July (Term 2)**. The transcript will include the course title, course code and grade of the respective courses enrolled. No hardcopy of the transcript will be issued.

SMU does not send the digital transcript to any third party including the student's home university and recruitment agencies. Therefore, students are responsible for providing the transcript to their home university or recruitment agency if any for credit transfer.

SMU is unable to accommodate requests for early release of the official digital transcript under any circumstances including students' graduation and higher education plan. Therefore, students are responsible to communicate and make their own arrangements with their home university or recruitment agency if any, based on the timeline stated above.

It is important for students to maintain their access to the SMU email account after they finish the programme. This is to ensure that they can retrieve the digital transcript before the email account expires. Charges are applicable if students need their digital transcript to be re-issued.

STUDENT'S PASS (VISA)

All international exchange and visiting students are required to hold a valid Student's Pass during their study term in Singapore. The Student's Pass is a legal document that enables the student to live and study in Singapore, as well as serves as a multiple-entry visa into Singapore (subject to terms and conditions). The cost for the Student's Pass ranges between S\$105 and S\$135 and includes the application fee, issuance fee and multiple-entry visa fee (if applicable).

SMU will initiate the application of the Student's Pass. Nevertheless, students bear the responsibility to complete and fulfil the application requirements for the Student's Pass before their arrival in Singapore. More information on the Student's Pass application process will be provided two months before the start of the study term.

IMPORTANT:

By regulation, Student's Pass holders (exchange and visiting students) are strictly not permitted to undertake any form of internship or work (paid or unpaid) including virtual engagements during their study term in Singapore.

COVID-19 VACCINATION

Singapore has lifted the vaccination requirement against Covid-19 for all travelers including Student's Pass holders.

It is students' responsibility to keep yourself updated of the latest regulations on the border and COVID-19 measures and as information is subject to change without prior notice.

ENTERING SINGAPORE

There are no longer any COVID-19 measures for travellers arriving in Singapore from 13 Feb 2023, regardless of vaccination status or traveller profile, even if their In-principle Approval (IPA) letter has stated so. Travellers must ensure that they fulfil all other general entry requirements as stated on the ICA website: <https://www.ica.gov.sg/enter-transit-depart/entering-singapore>.

HEALTH & SAFETY

It is mandatory for all students to purchase the [SMU Medical Insurance](#), for coverage during their study term in Singapore. It is included as part of the miscellaneous fee*, which is applicable to all students. Students are strongly advised to purchase additional travel insurance at their own cost and discretion as necessary, for personal travel or leisure trips overseas. The SMU Student Travel Insurance only applies to students on official travels approved/sanctioned by SMU.

SMU has engaged the services of International SOS (ISOS) to provide 24-hour assistance for students. Students are encouraged to download the ISOS mobile app. In case of an emergency, students may seek assistance via the app or contact the ISOS 24-hour hotline at **+65 6337 6517**, or the SMU Campus Security at **+65 6828 0343**.

NOTE: *The miscellaneous fee* is approximately S\$250 per term or S\$400 per year and covers registration, matriculation, medical insurance, IT services and student activities. This fee is mandatory and non-refundable under any circumstances, regardless of the outcome of the Student's Pass and other border entry applications.*

ACCOMMODATION

Nestled in the bustling city center, the SMU campus benefits from excellent connectivity through Singapore's efficient transportation systems. Positioned within walking distance of key subway stations like Bras Basah Station (Circle Line), Bencoolen Station (Downtown Line), City Hall Station (Interchange), and Dhoby Ghaut Station (Interchange), SMU provides seamless access to cultural attractions and amenities. As a result, there is an abundance of private housing options available, catering to a wide range of budgets and preferences.

Upon successful enrollment at SMU, students will be provided with a list of alternative private housing options that extend corporate discounts exclusively to SMU students. This resource will also include a comprehensive housing guide with tips and advice. Students have the flexibility to source and arrange for their own accommodation based on their needs and preferences. Arrangements are at the sole responsibility and discretion of the student.

For those considering the rental of private apartments/condominiums, it is important that students read and understand Singapore's governing policies on rental/leasing of accommodation, from the Singapore Urban Redevelopment Authority (URA) [website](#).

Students are also strongly advised to read and understand all terms and conditions of the leasing agreement before committing to the lease. Once the lease has been accepted and signed, the signatories have a legal obligation to fulfil all the terms stated in the agreement. Please note that Airbnb is strongly discouraged as residential properties in Singapore are not allowed to be used for short-term accommodation under the law.

SMU does not act as a representative for either party in the event of disputes arising from the rental/lease of the property.

CAMPUS LIFE & FACILITIES

SMU has a vibrant campus life with many activities for students to complement their formal studies as well as to help build lasting friendships and global networks. SMU is also equipped with the following on-campus facilities that are available to students.
