Details and instructions related to course bidding together with the list of courses offered, shall be made available to students two to four weeks before the course bidding exercise. It is important that students understand the information, policies and procedures to ensure a smooth bidding process.

Demand could be high for some courses, e.g. fundamental freshmen courses. Students are encouraged to be pro-active and flexible in their study plans to optimise their bidding opportunities.

Course Catalogue:

For planning purposes, students may refer to the [Course Catalogue](#) for **undergraduate** course offerings from previous terms (**Course Codes 001-499, 1200-4038**). This catalogue serves as a reference only as not all courses listed will be offered to exchange and visiting students.

IMPORTANT:

- *Course enrolment strictly adheres to the SMU academic policies and guidelines. It is subject to the vacancies available, fulfilment of course pre-requisites (if applicable) and bidding outcome of the student.*
- *Course enrolment is not guaranteed. It is strongly advised that students should not be completing their final term of studies during their study abroad at SMU. Their graduation may be at risk should they fail to secure their required courses.*

How to Prepare for Course Bidding & Enrolment?

1 Read the Course-Bidding Guide

and review the prescribed list of course offerings for the intended study term.

2 Obtain pre-approvals

from students' home university to enrol for their desired courses at SMU. Students are encouraged to obtain pre-approval for more courses than necessary as contingency, in case their desired courses are fully subscribed.

for the desired courses. Students are required to consult and seek approval from the respective SMU course instructors on the fulfilment of pre-requisites (if any), before bidding for their courses.

Students will not be allowed to enrol for, nor to continue with the course if the pre-requisites have not been met.

The transcript will include the course title, course code and grade of the respective courses enrolled. No hardcopy of the transcript will be issued.

SMU does not send the digital transcript to any third party including the student's home university. Therefore, students are responsible for providing the transcript to their home university for credit transfer.

SMU is unable to accommodate requests for early release of the official digital transcript under any circumstances including students' graduation and higher education plan. Therefore, students are responsible to communicate and make their own arrangements with their home university based on the timeline stated above.

It is important for students to maintain their access to the SMU email account after they finish the programme. This is to ensure that they can retrieve the digital transcript before the email account expires. Charges are applicable if students need their digital transcript to be re-issued.

ENHANCE YOUR EXCHANGE

Discover programmes that go beyond the classroom to enrich your exchange journey. Develop leadership skills in dynamic workshops or experience the culture of an ASEAN city during an exciting week-long adventure. These opportunities are crafted to help you grow, connect, and create lasting memories.

Exchange Student Ambassador Training

Curated and sponsored by Centre for Global Education and Opportunities (GEO). This training includes a series of workshops designed to equip students with key skills to become effective leaders and ambassadors for both SMU and Singapore upon their return home.

The workshops cover topics such as networking in multicultural settings, public speaking, using AI tools in creative projects, sustainability, and more.

Currently offered free of charge, the training has limited capacity each term. Students who complete the full programme will receive a certificate. Beyond skill development, the training offers opportunities to build lasting friendships and networks that will extend well beyond their time at SMU. All students are welcome to register, but only selected individuals will be invited to attend.

SMU EdVenture

Organised by the Centre for Global Education and Opportunities (GEO), the SMU EdVenture is an 8-day, non-credit bearing programme that takes place during recess week. Students will have the chance to spend a week in one of the ASEAN cities, with the programme delivered by one of SMU's esteemed ASEAN partner universities.

Upon completion, students will earn a certificate from the host university. The programme offers an in-depth exploration of the history, culture, economic development, and ecosystem of the selected country. Participants will also visit iconic attractions and enjoy activities around the city.

This is a fee-paying programme, open to all students. The highlight of this experience is the opportunity to benefit from the teaching excellence of both SMU and another leading university in ASEAN, all while enjoying enriching experiences in both Singapore and the host city.

ACCOMMODATION

Nestled in the bustling city center, the SMU campus benefits from excellent connectivity through Singapore's efficient transportation systems. Positioned within walking distance of key subway stations like Bras Basah Station (Circle Line), Bencoolen Station (Downtown Line), City Hall Station (Interchange), and Dhoby Ghaut Station (Interchange), SMU provides seamless access to cultural attractions and amenities. As a result, there is an abundance of private housing options available, catering to a wide range of budgets and preferences.

Upon successful enrollment at SMU, students will be provided with a list of alternative private housing options. This resource will also include a comprehensive housing guide with tips and advice. Students have the flexibility to source and arrange for their own accommodation based on their needs and preferences. Arrangements are at the sole responsibility and discretion of the student.

For those considering the rental of private apartments/condominiums, it is important that you read and understand Singapore's governing policies on rental/leasing of accommodation, from the Singapore Urban Redevelopment Authority (URA) [website](#).

Students are also strongly advised to read and understand all terms and conditions of the leasing agreement before committing to the lease. Once the lease has been accepted and signed, the signatories have a legal obligation to fulfil all the terms stated in the agreement. Please note that residential properties in Singapore are not allowed to be used for short-term accommodation.

SMU does not act as a representative for either party in the event of disputes arising from the rental/lease of the property.

HEALTH & SAFETY

It is mandatory for all students to purchase the [SMU Medical Insurance](#) for coverage during their study term in Singapore. It is included as part of the miscellaneous fee*, which is applicable to all students. Students are strongly advised to purchase additional travel insurance at their own cost and discretion as necessary, for personal travel or leisure trips overseas. The SMU Student Travel Insurance only applies to students on official travels approved/sanctioned by SMU.

SMU has engaged the services of International SOS (ISOS) to provide 24-hour assistance for students. Students are encouraged to download the ISOS mobile app. In case of an emergency, students may seek assistance via the app or contact the ISOS 24-hour hotline at +65 6337 6517, or the SMU Campus Security at +65 6828 0343.

NOTE:

The miscellaneous fee is approximately S\$280 per term or S\$400 per year and covers registration, matriculation, medical insurance, IT services and student activities. This fee is mandatory and nonrefundable under any circumstances, regardless of the outcome of the Student's Pass and other border entry applications.*
