

Global Summer Programme 2026

(11th Edition)

Session 1: 29 June - 24 July 2026
Session 2: 13 July - 7 August 2026

SMU IS GLOBAL

The Singapore Management University is internationally recognised for its world-class research and teaching excellence.

Established in 2000, SMU is known for its highly interactive, collaborative and project-based approach to learning, and for its emphasis on generating rigorous and high-impact, and multi- and interdisciplinary research that addresses Asian issues of global relevance.

Home to more than 13,000 students, SMU comprises eight schools specialising in Accountancy, Business, Economics, Computing and Information Systems, Law, Social Sciences, Integrative Studies and Graduate Research Studies, offering a wide range of bachelor's, master's and PhD degree programmes.

The College of Integrative Studies and College of Graduate Research Studies also facilitate the development of interdisciplinary programmes across schools to prepare our students to face the challenges of a complex world.

ASIAN INSIGHTS

01

The world's fastest growing economic region

Asia is a dynamic region that is home to culturally diverse societies at varying stages of transformation. As a cosmopolitan city state with a thriving entrepreneurship and innovation scene, Singapore offers myriad opportunities for all.

DIGITAL INTELLIGENCE

02

Adapt and excel in our current ever-evolving digital landscape

Digital intelligence enables individuals and organisations to adeptly navigate the digital landscape, empowering them to harness technology effectively for success, especially in today's interconnected world.

SUSTAINABLE FUTURES

03

Building sustainable futures for the generations to come

Sustainability is multifaceted and applicable to social and economic domains such as environmental conservation and business practices. As one of the world's top financial hubs and greenest cities, Singapore is an ideal platform to explore this topic.
