# SMU AT A GLANCE

Established in 2000, the Singapore Management University (SMU) is internationally recognised for its teaching excellence and world-class research that addresses Asian issues of global relevance. Our distinctive pedagogy of small class sizes and seminar-style teaching in our lush city campus, set within the heart of Singapore's cosmopolitan cityscape, offer a transformative education to help students discover their fullest potential.

17th amongst  
specialist  
universities  
of the world

*QS World  
University  
Rankings 2023*

12,000+  
undergraduate  
and  
postgraduate  
students across  
8 Schools

Over 220  
partner  
universities for  
Semester  
Exchange

12,500  
students have studied  
abroad since SMU was  
founded in 2000

1,100  
international exchange  
students from 35  
countries in 2022

At SMU, we aspire to have 100% of our students embark on at least one global exposure experience before graduating to nurture global citizenship and global readiness. Given the ample opportunities at SMU, many students go on to complete more than one global exposure activity, whether through an overseas exchange programme, international internship, overseas community service programme, study mission, summer school, and so on.

The **Centre for Global Education and Opportunities (GEO)** plays a central role in driving global exposure participation through our deeply immersive and meaningful signature global education programmes. GEO's semester exchange and short-term study programmes link our students to over 220 universities across the globe and we are committed to continuously enhancing support and providing new opportunities for students. We are equally pleased to host more than 1,000 international students each year on semester-long exchange, summer, and winter programmes, showcasing the best of SMU to the world.
